- If you are planning to travel to any of the countries outside Greece where a Green Card is required, make sure to ask your insurance company to provide you with one. For EEA countries, the insurance policy is sufficient, provided that the insurance details are recorded in Latin characters

- Ask for a Green Card well in advance of your trip.

Make sure that :

- the validity of the card covers the duration of your trip.
- none of the countries of your destination have been marked with **X**

- all data on the Green Card (registration number, category and make of the vehicle, name of the owner) are correct.
- the country of origin identification code (**GR**), your insurance company code and the Green Card number are all legible.
- The name of your insurance company with its signature and the Green Card number are legible.
